

Wondering how your donation supports the mission of the Conservancy?

Our work focuses on environmental education, water quality improvements, and natural areas preservation.

With your support,

- ▶ \$10 will purchase a Knee-high T-shirt to give to a participating child. They wear them with such pride!
- ▶ \$25 will plant a 3-gallon potted native tree or shrub. Critters will love the habitat!
- ▶ \$50 will refuel volunteers and keep equipment running at a land stewardship workday. Thank you to our hard-working volunteers!
- ▶ \$100 will support 1 year of our nature preserve docent program. Let's take a hike!
- ▶ \$250 will sponsor an expert in conservation at a community workshop. Choose your expert!
- ▶ \$500 will support 1 summer of Knee-high Naturalists programming. Planning is underway for hands-on learning each Friday next summer!
- ▶ \$1,000 will support 1 year of water quality testing on Clear Lake, Round Lake and the 4 ditches. Data drives our action!
- ▶ \$5,000 will purchase and forever protect 1 acre of sensitive habitat, critical wetlands, or open space. Protection FOREVER, say no more!

Your donation will have a direct impact on our work and giving feels good - a win/win
